FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Economic Development**, the **University of Missouri** , and **St. Louis County** assume this proposal would have no fiscal impact on their organizations.

Oversight did not receive any other responses from local governments which might be affected by this proposal.

Oversight assumes this proposal would allow certain municipalities to annex research parks, which could result in additional tax revenue to the municipalities but would require additional services to be provided by those municipalities. Any fiscal impact to a local government would result from a successful annexation process in a situation which met the requirements of the proposal. For fiscal note purposes, Oversight will indicate no impact to the state or to local governments.
